

Single Glazed
Circle Cutout Template Examples

Glass Width: 700 mm

Glass Height: 1500 mm

Glass Type: 6mm Grey tinted toughened

Number of Cut holes : 1

Hole Diameter (if consistent): 70 mm

Reference: Outside table top

Notes: Hole in Center of the glass

- All measurments to be in mm
- All measurments to be to the centre of the hole unless specified.
- Template doesn't have to be used as long as all details are on the drawing.
- Hand drawing is fine as long as measurments are clear.
- If holes are different sizes and distances, please detail this.
- Please ensure the number of holes needed is the same as ordered to prevent manufacturing hold ups.
- Any problems or questions please give us a call.
